

Questions and Answers, Part 1 – Hydraulic Engineering Services IDIQ Master Contract 2018

Date: April 3, 2018

County: Statewide

Project Description: Provide Hydraulic Engineering Services – Statewide.

Dates Published in Clarion Ledger: March 14th and 21st, 2018

From: Scot Ehrgott, P.E. – MDOT Director of Consultant Services

Question #1: Will developing conceptual and preliminary roadway plans be part of this contract?

Answer: While this contract will not require the development of an entire set of conceptual or preliminary roadway plans, the consultant should be knowledgeable of roadway design standards as indicated in the RFP.

Question #2: How much will non-completed projects be judged versus completed projects?

Answer: While projects completed during the past five (5) years are preferred, any past projects submitted will be evaluated based on all the requested information indicated in the RFP.

Question #3: If the first page after the section C tab is the organizational chart, do we need an additional tab?

Answer: Per the RFP, “The organizational chart should be tabbed and clearly defined.”

Question #4: Are certifications required to be one per page?

Answer: No.
